The Ember Big Band made its debut in March 2015 and performs at major events throughout Elmbridge (and often way beyond). Recent gigs have included the legendary Food Festival at Pains Hill, Molesey Regatta and a Rat Pack black-tie dinner dance at Whiteley Village in Weybridge.

We are always pleased to meet, and consider, new players and are currently searching for talent in the trombone section. Deputy Musical Director, Lewis McGuinness, explains: "We are a band of committed volunteers – and most of us have families and day jobs; but we often need 'deps' when regular members are unavailable and also have to cope with a turnover of players when younger members take on new commitments or go off to uni."

Guitarist Simon Cushing is our newest recruit: "As a former rocker, the world of EBB has been tremendous fun," he says. "The band is very welcoming and supportive and there's a huge range of new music to get my teeth into including big band standards, swing, Latin and covers of recent chart songs. I've learned a huge amount and am flexing new musical muscles. To top it all, there are chocolate digestives in rehearsal breaks!"

Our Musical Director is Thames Ditton resident, Bill Geldard who has an international reputation as a leading trombonist and arranger. Of the Ember Big Band he says: "It's a 23 piece amateur big band with three terrific singers – but we have a professional approach to everything we do. There's a difference between being 'amateur' and 'amateurish'. Everyone involved understands that, otherwise I wouldn't have taken this on. There are no short cuts to good musicianship. Regular rehearsal is the key, but we have a lot of fun along the way – and so, we hope, will our audiences."

Brightwater Brewery's

Top Notch - 3.6% ABV is a clean tasting, balanced amber ale with a floral note. It is our first bottled beer and will soon be available for purchase.

If you would like to be one of the first to try Top Notch as a bottled beer please email alex@brightbrew.co.uk and we will let you know as soon as its ready.

Currently Top Notch is available as a cask ale in a number of local pubs and clubs.

Dorking Brewery's Smokestack

Lightnin' - 4.0% ABV is a robust subtly hopped red ale infused with smokey notes produced from beech smoked malt.

Dorking Brewery was formed by three friends passionate about real ale who, in 2006, began brewing in a garage after purchasing a small brew kit from Germany, which produced just 20 litres of real ale.

After several years of perfecting their brews, securing new

premises and a new 10-barrel brew plant, their first commercial sale was in Jan 2009 and has been thriving ever since.

Thurstons-The Horsell Brewing Co. offer Horsell Gold - 3.8% ABV. A Golden beer with a rounded bitterness, caramel and spice on the palette, and a hoppy aroma. A fine session ale.

Thurstons Brewery was formed at the Crown in Horsell in October 2012 with a 3/4 barrel plant in the kitchen. The original plan was to produce an occasional brew for the Crown, but we were asked if we would supply Woking Beer Festival

with our first beer, Stedmans Ale, a request that we gladly agreed to. The result of the Festival was our first award - third overall. Now we had the bug. More beers followed starting with Maltway, then Festival, Milk Stout, Horsell Gold and Horsell Best!!!

Twickenham Fine Ales presents NAKED LADIES -

4.4% ABV is an outstanding hoppy beer using Pilgrim, Celeia and Chinook hops for full-flavoured satisfaction. Good body and luscious aroma.

Inspired by the statues of water nymphs in York

House gardens in Twickenham, known locally as the "Naked Ladies".

Twickenham Fine Ales is London's oldest micro-brewery. Founded by Steve Brown in 2004, so celebrating their 11th Anniversary this year, Twickenham has been at the forefront of the resurgence of breweries in London. Using global hops from an early stage, and only the purest of ingredients, Twickenham produces a fine range of well hopped, award winning beers.

The brewery now has a custom made 25BBL kit and four fermenters, brewing over 28,000 pints a week.

Hoptomists Brewery offers

Glass Half Full - 4.0% ABV is a copper coloured Best Bitter using a blend of British and American hops to produce a good session beer with a nice bitter aftertaste but with a pleasant floral hop aroma.

Dave and Andy had been mates for many years and by chance both their lifetime careers came to an end at a similar time due to redundancies. 3 years went by, visiting local beer festivals and moaning about the

BEERS & ALES

t tedious jobs they had acquired since becoming redundant. Whilst sampling some aromatic and hoppy real ales Dave sounded out Andy to see if there was a chance of the two of them getting together and taking up Dave's idea of starting a Micro Brewery. 18 months followed of brewing courses, seeking other brewers advice and searching for suitable premises. By the end of December 2013 The Hoptimists brewery produced their first commercially available beer, the award winning 'Glass Half Full'.

Surrey Hills Brewery offers Greensand IPA - 4.6% ABV

This is their hop monster. Despite a relatively modest ABV for an IPA, this beer delivers an explosion of hops in every sense. A very special beer.

The Surrey Hills Brewery is located in the heart of the Surrey Hills Area of Outstanding Natural Beauty at the foot of Box Hill. The Brewery is in the rear part of the beautiful Denbies Winery Building which has been converted into a perfect brewing environment that is hygienic and safe. Significant investment in new purpose-built equipment enables the highest levels of quality control.

Summer Ale from Fuller's -

3.9% ABV. Brewed with malted wheat, this pale gold beer shines with crisp, biscuity flavour and a wealth of zesty citrus notes. Balance comes from the dry hops.

Deliciously refreshing, Fuller's Summer Ale is the signal that heralds the start of warmer weather. They say one swallow doesn't make a summer, but your first swig of this crisp blonde ale might just prove otherwise.

HSB from Fuller's - 4.8%

ABV. Experience gales force of nature - A silky-smooth premium ale, Horndean Special Bitter was originally the flagship beer of Gales Brewery in Hampshire. First launched in 1959, it's still brewed with the same passion and pride today – and the age-old recipe continues to go down a storm. A rich, ruby, English ale. A popular and distinctive premium beer; HSB is brewed with the finest malt and hops for a well-balanced character. A hint of Dundee cake on the nose leads to a rich, fruity taste and a silky smooth finish.

London Pride from Fuller's

- 4.7% ABV an award-winning, most famous premium ale. It has a good malty base with an excellent blend of hop character, resulting in an easy-drinking beer with great body and a fruity, satisfying finish.

Oliver's Island from Fuller's -

3.8% ABV. A crisp, thirst-quenching beer, Oliver's Island sees a unique blend of golden malt, orange peel and floral and citrus hops work together in perfect harmony. With citrus aromas, tropical grapefruit flavours and a satisfying, malty finish, it's a golden choice for fans of zesty, refreshing ales.

Oliver's Island is a crisp, thirst quenching beer that draws inspiration from a local landmark. Every day, rowers glide serenely past the Griffin Brewery towards the island in the Thames - reminding us just what can be achieved by pulling together.
